

What's new? EONS activities 2007-2008

EONS team

Introduction and welcome to the team

Jan Foubert: Executive director

Rudi Brike: Secretary

Board members

Sara Faithfull: President

Yvonne Wengström: Past president

Sultan Kav: President elect

Rolf Baumer: Treasurer

Ulrika Östlund: Secretary

Françoise Charnay-Sonnek

Danny Kelly

Kay Leonard

Anita Margulies

Welcome new members

Full members:

- Hungarian Cancer Society, section Oncology Nursing.
- Maltese Oncology Nurses Association.
- Portuguese Oncology Nurses Association.

Welcome new members

Associate members:

- ▶ MDS Foundation, UK.
- ▶ TAWAM Hospital, Abu Dhabi.
- ▶ Semmelweis university, Hungary.
- ▶ Leeds Teaching NHS Hospitals, UK.
- ▶ Scuola Universitaria Professionale della Svizzera Italiana, Switzerland.

Welcome to the EONS!

Introduction and welcome

Change:

- How we deliver cancer services.

Disparities in survival and care provision

- Specialist skills of cancer nurses often not recognized in influencing outcomes.

Challenges:

- Ageing populations
- Fast changing treatments
- Escalating costs

EONS has something to offer, assisting nurses to meet these challenges

Advisory Board 2006

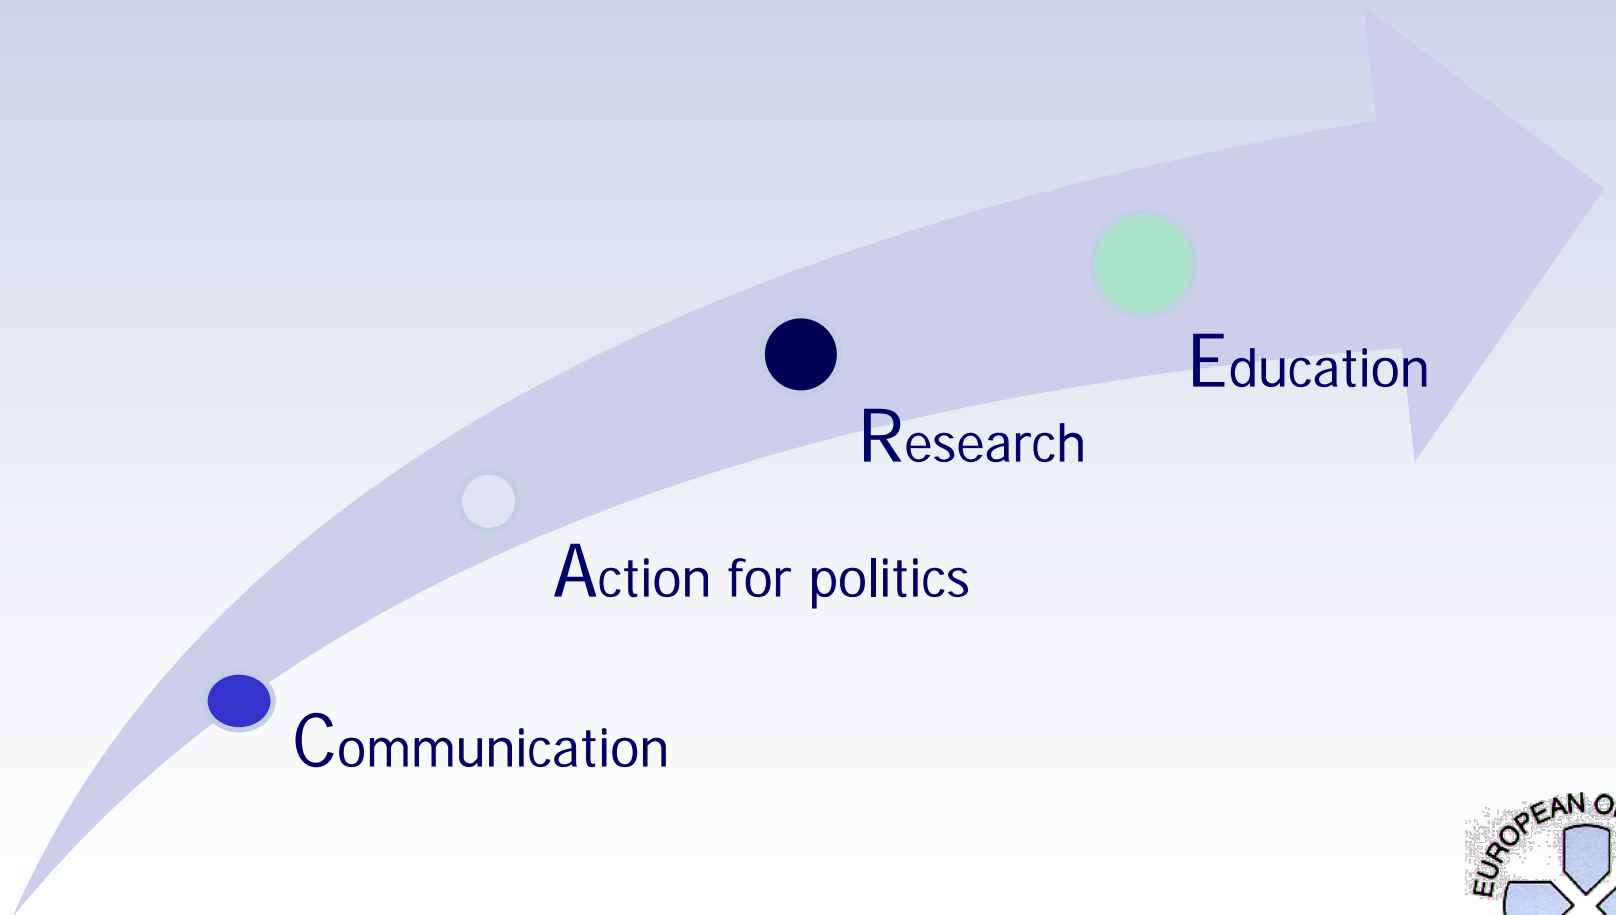

Advisory board November 2007

Presentation of cancer health economics within Europe and challenges ahead (presentation on web site)

- Enhancing the workforce: workforce redesign and specialist education
- Action for change: leadership and health care management
- Planning for future care provision

C.A.R.E strategy

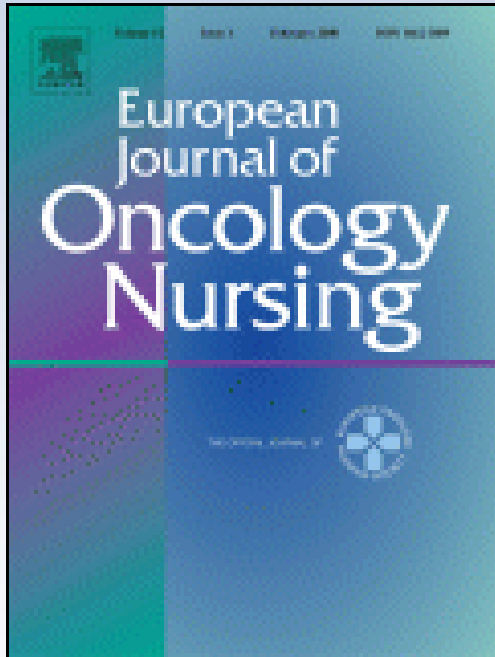

Communication: Moving into the modern age!

EONS newsletter

- ▶ Translated
 - ▶ Spanish (for ECCO 14)
 - ▶ Italian (every issue)
- ▶ Topical clinical issues
- ▶ Sharing best practice
- ▶ EONS activities

European Journal of Oncology Nursing: Elsevier

- Strategic role of the journal in communicating clinical research.
- ▶ 2008: EJON sponsored the EONS Novice Research Award and best poster prize.
 - ▶ Writing for publication workshop: Saturday 29th March.

EONS website:
www.cancerworld.org/eons

Future developments to the website:

- Representing the diversity of EONS members with multi-language sections.
- In the future an option for greater interactivity with EONS members through interactive forum.

EONS website:
www.cancerworld.org/eons

E science and e learning

- ▶ Sharing knowledge from conventions.
- ▶ Ability to interact with clinicians and provide education.
- ▶ E cancermedical science.

Action for politics

- ▶ Partnership with ECCO, EFN, ESNO and national oncology societies.
- ▶ Collaboration with patient advocacy groups.
- ▶ Participating in setting strategic EU cancer policy.

Goodbye FECS: Hello ecco

Federation changed to an organisation in January 2008: the European CanCer Organisation.

Mission:

- Uphold the right of all European cancer patients to the best possible treatment and care.
- Promote interaction between all organisations involved in cancer health care.

Shifting position

- Increasing links with patient groups.
- More inclusive with site specific cancer special interest groups.
- Wider representation at the board level.
- Excellent conference organisation skills.
- ECCO conference every other year: Berlin 2009.

Patient advocacy Groups

- EUROPA UOMO: The European prostate Coalition: national societies working together to provide cancer support.
- PAC : patient advisory committee within ECCO.
- CEE Cancer Patient Summit in Bulgaria (APOZ and ECPC Forum).

Activities on the political agenda

- ESNQ European Nursing Specialist and Nursing Interest Groups: ESNQ meeting Brussels, April 2008.
- Slovenian EU Presidency Conference: The burden of cancer: How can it be reduced (Feb'08)
 - Status quo within cancer care not tenable long term
 - Duplication of research effort
 - Lack of communication between groups
 - Little known about overall quality of life of cancer patients
 - EU working party

Research

Delphi survey results

1. The development and evaluation of clinical guidelines and care pathways
2. Symptom management
3. Psychoncology
4. Nurses role in new treatments
5. Multidisciplinary collaboration/teamwork
6. Educating new nurses
7. Promoting the work of oncology nurses
8. Palliative care
9. Patient empowerment

Research Grants

Provision of research grants

- Mentoring grant.
- Major research grant.

Winners to be announced soon

Education

Accreditation

- 15 courses EONS accredited since 2007.
- Update of forms and review processes.
- Linking accreditation to education quality standards.
- Providing academic and educational advice.
- Development of patient education and distance learning materials accreditation.

Cancer clinical education

- ▶ Education development: FACET guide for practice educators and to support curricula.
- ▶ Specialist education curricula.
- ▶ E learning on line through EONS
 - ▶ Cultural diversity
 - ▶ Symptom clusters
- ▶ Developing a network of cancer nurse educators.
- ▶ Masterclass 2008: Sofia Bulgaria: 30 participants from 16 different countries.

Modernising cancer nursing education: 2nd June

MODERNISING CANCER NURSING EDUCATION
A one day train the trainers educational event
Brussels, Belgium, Monday 2nd June 2008

Venue:
Erasmus Hogeschool
Campus Jette
Laarbeeklaan 121, 1090
Brussels, Belgium

GENERAL INFORMATION

- ♦ APPLICATION FORMS ARE AVAILABLE AT WWW.CANCERWORLD.ORG/EONS
- ♦ APPLICATION DEADLINE: MONDAY APRIL 28TH
- ♦ PARTICIPATION FEE:
 - FREE FOR EONS INDIVIDUAL MEMBERS
 - 50 € FOR NON EONS MEMBERS (INCLUDING 1 YEAR EONS MEMBERSHIP)

Aim: this training day will provide an opportunity for specialist nurse educators to update on the developments within the EU, in relation to the Bologna agreement and to share experiences of how these developments impact on future nurse education provision.
This programme is also suitable for postgraduate educators.

Outline of topics:

- Cancer education: where do we go in the next 5 years?
- EU Bologna agreement update on progress
- Bologna: implications for cancer nursing
- From learning outcomes to competencies
- Skill development, different approaches to learning
- Expert panel discussion
- Exploring the potential for e learning in cancer education
- Mentoring and personal development planning in health care
- Conceptual mapping for complex health care learning
- Training needs analysis
- Assessing clinical skills through objective assessment
- Close and farewells
