

Graphic Designer sought for cancer nursing charity

Are you a flexible, creative and reliable person who can be on hand to help us?

An opportunity has arisen to work for the European Oncology Nursing Society on a regular basis either on a retainer or piecework arrangement. The work requires flexible availability with intense working times two to three times per year and regular small pieces throughout the year (around 1-3 days a month).

Tasks will include preparation of project reports and regular small pieces throughout the year such as agenda and report layouts, website and social media imagery.

Send us a costed proposal of your charges for layouts and document preparations with a list of the design software that you use, examples of your work and two references to [eons.communications@cancernurse.eu](mailto:eons.communications@cancernurse.eu).

Peak times based on 2018 experience would be April and September, please also indicate your availability during these months.

Deadline for applications: 14 May 2018
