

## EONS Evaluation of the Research Travel Grant 2013 - 2014

Sent to the four winners of the grant, all filled in the evaluation questionnaire.

### MAIN benefits of the research travel grant:

“Meet and learn from a researcher we otherwise would not be able to visit.”

#### CHANGES in your work:

- Develop projects / ideas, thanks to the stimulating experience
- Writing papers from collected data
- Gained more focus for clinical consequences

#### CHANGES FOR YOU:

- Adjunct professorship at visited university
- Collaboration on new research proposal
- Articles published
- Oral presentation at international

#### Have you developed your research idea into a research proposal?

YES (3\*): all unfunded projects in progress

NO (1\*): no funds, no time

#### Should we continue this grant?

YES (3\*)

#### Which aspects of the Research Travel Grant were particularly helpful or successful?

- Financial support from the grant
- Advice from EONS
- Newly gained close contacts
- Being able to self-select institutions for visiting

#### What can we improve?

- Collaboration with other cancer society's worldwide to provide more structured programmes
- Delayed money reimbursement

#### OTHER IDEAS HOW EONS COULD ENCOURAGE NURSING RESEARCH:

- Funding for post-graduate research degrees
- Finance PhD programs
- Additional research encouragement
