

e-ESO

The project was launched in January 2008 to offer a **free, high-quality, easy tool for e-learning in oncology.**

e-sessions: are weekly free educational sessions held on Thursday, from 18.15 to 19.00 CET without commercial sponsorship and with CME accreditation.

Progress to date

- Cooperation with **CROH**;
- Selected sessions in collaboration with **CancerWorld, EONS, ESGO, SIOPe, SIOG**, and other major European societies, and **SPCC** members;
- Weekly sessions held **live** on the internet with **interaction** between the speaker, the discussant and participants;
- **Sessions recorded at ESO** events made available on the site;
- **Slide sets** from past ESO events uploaded onto the website;
- **More than 500 e-learning** resources available on the website.

e-ESO learning platform

e-ESO has now become a platform dedicated to providing distance learning materials in the form of:

- E-sessions (*live* – one on every Thursday - and *recorded* – about **200** available sessions);
- Slides from ESO's events (more than **270** sets);
- Clinical cases (about **70** cases).

Materials are divided into categories:

- **Recorded sessions** (past sessions that have been recorded – either from the e-ESO website or from ESO in-person events - and that can be viewed online at any time);
- **Downloadable PDF presentations** from ESO past events;
- **Clinical cases** (provided via ePatCare);
- **Future sessions** (scheduled sessions that will be presented live on the indicated date - participants can interact with the speakers during the live sessions).

The e-ESO website today

The screenshot shows the e-ESO website homepage. At the top left is the logo for European School Oncology Oncology e-learning. A search bar and navigation links (About, Available materials, Mastermind, Rare tumours, Links, ESO) are at the top right. The main banner features the e-ESO logo, the text 'European School Oncology Oncology e-learning', and the tagline 'Your free Education just a click away!'. Below the banner is a red 'About' button and the hashtag #e_ESO. The 'Latest recorded sessions' section lists two sessions: one on Nov 16, 2017, about cervical cancer guidelines, and another on Nov 13, 2017, about the ABC Conference. The 'Future live sessions' section lists two sessions: one on Nov 23, 2017, about genetic counselling, and another on Nov 30, 2017, about the World Oncology Forum. A 'Suggest your topic' button is also present.
