|  | <a href="https://old-prod.asco.org/practice-patients/guidelines">https://old-prod.asco.org/practice-patients/guidelines</a> | ASCO develops and publishes clinical practice guidelines, provisional clinical opinions (PCOs), and guideline endorsements, providing evidence-based recommendations to serve as a guide for doctors and outline appropriate methods of treatment and care. The guidelines can also address specific clinical situations (disease oriented) or use of approved medical products, procedures, or tests (modality-oriented). Multidisciplinary panels of experts, including patient advocates, develop ASCO's clinical practice guidelines. | n/a | All oncology nurses                   |
