Cancer Nursing Fund

Strengthening Cancer Nurses to Improve Patient Care and Recovery

The Cancer Nursing Fund (CNF) was established on European Cancer Nursing Day 2020. The CNF is a friends of fund managed by the King Baudouin Foundation. The Fund is a unique opportunity to support the excellent work that cancer nurses do and advance the profession of cancer nursing in Europe. The CNF supports EONS' projects ensuring that all people affected by cancer benefit from high quality of care delivered by highly educated, well-informed and competent cancer nurses across the disease continuum. Donations to the CNF are made via the [EONS website](#) or the [KBF website](#). The Fund supports EONS' projects in four areas: education, capacity building, research and innovation.
